

FOR IMMEDIATE RELEASE:

VIRIDIAN® CHIEF TACTICAL TRAINER EXECUTES THE “IMPOSSIBLE” 200 YARD SHOT

Minneapolis, MN—August 23, 2016

Viridian® Chief Tactical Trainer and founder of Archway Defense®, Peter Johnson, recently executed a feat that many once thought was *impossible*. “Others have hit a target at long distances with a handgun, but I haven’t seen anyone who has done it drawing from an IWB holster and accurately striking the target in about a second,” said Johnson. “While this feat may seem like a trick-shot to some, it really is designed as a demonstration to remind lawfully-armed citizens that they are responsible for every round they fire. Lastly, reminding everyone that action is faster than reaction.”

Johnson is Viridian’s Chief Tactical Trainer and founder of Archway Defense® located in Minneapolis, Minnesota. “Peter has an extensive background with the U.S. military deploying internationally for Operation Iraqi Freedom and Operation Enduring Freedom, has protected and served the public with several law enforcement agencies and dedicated five years of his life as a Federal Air Marshall, where he achieved *Top Gun* recognition.” said Mike Dinndorf, Director of Marketing at Viridian®. “Peter is a fantastic guy who loves his country and is an amazing instructor and teacher. Viridian is thrilled to have such a close relationship with him as our Chief Tactical Trainer.”
