- [RTL – LCP II Tac-light model \[MSRP \\$119\]](#)

As the market leader in this technology, Viridian launched the industry's first green laser sight for the Ruger® LCP® in 2013 and is currently still the only manufacturer to offer a green laser for that handgun. It is anticipated that Viridian will continue to hold that market position for the new Ruger® LCP® II with the introduction of these new, exciting products.
