

FOR IMMEDIATE RELEASE:

RADIANCE™ REVOLUTION: VIRIDIAN TACLIGHT TECHNOLOGY DELIVERS TWICE THE TARGET AREA

GREEN LASER SIGHTS

Minneapolis, MN—5/31/2013— The country's fastest-growing laser sight brand is proud to introduce a breakthrough that makes weapon-mounted lights radically more effective.

RADIANCE™ COMBAT OPTICS

Viridian® exclusive Radiance™ technology (patent pending) reshapes light into a broad, flat, high-output beam that illuminates over twice the horizontal area of any other taclight. With no light wasted on floor or ceiling, users get the most effective picture, fastest discovery, smoothest tracking, most positive targeting, and the greatest blind-and-disorient power possible – a game-changing advantage in after-dark encounters.

Scan less, see more.

Cutting-edge Radiance™ technology is found only on Viridian® weapon-mounted tactical lights and laser/taclight combos.

Radiance™ equipped products include the new Reactor™ TL taclight for pocket pistols ... the subcompact C5L Viridian Green™ laser/taclight for all railed pistols ... the new C5L-R Elite Red™ laser/taclight for red-laser fans ... and the versatile CTL taclight, made to fit any railed sidearm.

With Radiance™ enhanced weapons, responsible citizens, security personnel, and LE officers are better prepared for whatever challenge they may face.

ABOUT VIRIDIAN GREEN LASER SIGHTS

Viridian Green Laser Sights is the nation's fastest growing laser sight manufacturer. Headquartered in Minneapolis, Minnesota, Viridian Green Laser Sights is devoted to utilizing cutting edge laser technology to offer compact, powerful, green lasers, for military, law enforcement, and civilian usage. While not the original developer of green laser technology, Viridian Green Laser Sights was the first company to offer a compact green laser sight for use on pistols. Viridian Green Laser Sights, and its patent pending technology, make them the world's leading green laser sight manufacturer. The company prides itself on offering the brightest and highest quality laser sights available. Viridian Green Laser Sights are designed and built in the USA.
