

FOR IMMEDIATE RELEASE:

VIRIDIAN GREEN LASER SIGHTS ANNOUNCES WP22 LASER FITS ON WALTHER'S NEW PK380

GREEN LASER SIGHTS

Minneapolis, MN—10/27/09 Viridian Green Laser Sight has announced that their popular WP22 laser, originally designed for Walther P22's, will fit the new Walther PK380.

“We’re fortunate the frame sizes are almost identical”, said Viridian CEO Brian Hedeem. “Additionally, the aesthetics are very similar and the two look great together. A Walther PK380 with a highly visible and compact Viridian WP22 green laser sight makes one of the most potent personal protection combos on the market.”

Viridian Green Laser Sights can be purchased at many fine retailers across the country. Additional models include units built specifically for Springfield XD/XDm's, GLOCK's, M&P's and other popular automatic handguns as well as a universal light and laser combo (X5L) that will fit almost all railed firearms.

ABOUT VIRIDIAN GREEN LASER SIGHTS

Viridian Green Laser Sights is the nation's fastest growing laser sight manufacturer. Headquartered in Minneapolis, Minnesota, Viridian Green Laser Sights is devoted to utilizing cutting edge laser technology to offer compact, powerful, green lasers, for military, law enforcement, and civilian usage. While not the original developer of green laser technology, Viridian Green Laser Sights was the first company to offer a compact green laser sight for use on pistols. Viridian Green Laser Sights, and its patent pending technology, make them the world's leading green laser sight manufacturer. The company prides itself on offering the brightest and highest quality laser sights available. Viridian Green Laser Sights are designed and built in the USA.
