

FOR IMMEDIATE RELEASE:

VIRIDIAN GREEN LASER SIGHTS FEATURED ON GUNS & GEAR TV

Minneapolis, MN—10/22/10 Viridian Green Lasers Sights are featured on this week's episode of Guns & Gear on VERSUS and VERSUS HD.

On this week's episode, host Ryan Gresham will discuss and demonstrate how to shoot on the move more effectively by utilizing a Viridian Green Laser Sight. Viridian Green Laser Sights are ideal for training users to shoot on the move because of their enhanced visibility day or night, ability to project a shooters front sight on to a target while moving, and easy activation.

This week's episode airs on Saturday October 23rd at 8:00am (EST).

Don't miss this chance to see these exciting products in action!

ABOUT VIRIDIAN GREEN LASER SIGHTS

Viridian Green Laser Sights is the nation's fastest growing laser sight manufacturer. Headquartered in Minneapolis, Minnesota, Viridian Green Laser Sights is devoted to utilizing cutting edge laser technology to offer compact, powerful, green lasers, for military, law enforcement, and civilian usage. While not the original developer of green laser technology, Viridian Green Laser Sights was the first company to offer a compact green laser sight for use on pistols. Viridian Green Laser Sights, and its patent pending technology, make them the world's leading green laser sight manufacturer. The company prides itself on offering the brightest and highest quality laser sights available. Viridian Green Laser Sights are designed and built in the USA.
